

MOTOR FLEET INSURANCE

Why use Clickcover for your fleet insurance?

We are able to offer quotations with all major insurance companies, plus the various insurers at Lloyds. Once we have the information from you a quotation can be delivered very efficiently in a timescale that suits you.

We will ensure that we provide you with the cover you require, whilst bearing in mind that cost is a very important factor. We do feel it is important to ensure that you are aware of the covers available on the market, therefore whilst quoting you the lowest premium possible, we will also advise you of additional covers that are available.

The choice is naturally yours as to the cover accepted, however we feel you deserve to know all the choices available. We can also offer monthly payment plans if so required.

Motor Fleet Insurance is one of the easiest policies to source a quotation as we simply require three key elements from you, namely :-

- 1) Details of the Current Vehicle Schedule (Make, Model, CC, Year of Make, Value)
- 2) Confirmed 3 Year Claims Experience from your existing Insurer
- 3) Details of Drivers (Age, Convictions, Disabilities)

Armed with this information we can deliver a quotation to you within 48 hours.

What happens at renewal of my policy?

We will carry out the same thorough check at each renewal, to ensure that your covers and premiums remain competitive every year. Our aim is to ensure you remain a client of ours for as long as you require insurance

What happens if I need to make a claim?

If you need to make a claim, we will ensure that this is settled as quickly and fairly as possible, by liaison with Insurers and Loss Adjusters - we do not charge for this service. Our 'express claims service' has been designed to take away the stress and worry that a claim can cause.

Types of Vehicles Covered?

Whether you are a haulage contractor with articulated vehicles or have a fleet of company cars, even if you have some agricultural vehicles, we can deliver a solution for your requirements

Additional Covers:

With the current ethos for claim litigation we make sure that all of our fleet quotations include uninsured loss recovery. Giving you the peace of mind that someone is helping to claim back your excess and hiring charges.

As we have access to a substantial number of Insurers for this insurance product, we are not able to detail each individual Insurers policy. However, the attached key facts document is typical for this type of policy.
